ONLINE PARTY ROCKING BATTLE

Basic Rules:

Elimination Round

Each competitor records a special 6 minutes video. The jury will be looking for originality, turntablist skills, various music selections, and most importantly, the set's vibe. DJs should deliver their sets on CDJs or two turntables with one mixer or midi controller, no extra gear.

Jury

5-7 International Judges (high-profile & experienced DJs) will give notes (1-10) on their top 10 Elimination Round video entries. The top 7 DJs will qualify for the Final Round. Extra 3 videos with the biggest number of organic comments will qualify for the Final Round.

Final Round

In the final round the qualified DJs present sets lasting 10 minutes.

Video specification:

The video should be recorded in MP4 format, 1920×1080 resolution with a clean sound recording – straight from the mixer.

The filming frame should present the Dj, his hands, and his equipment in a proper light.

When you upload the video you must use this format of description:

File name: DJ COUNTRY Elimination Round

Wetransfer title: DJ COUNTRY Elimination Round
